

One Platform That Manages All Virtual & Hybrid Staffing and Retention Related Tasks

Simplified recruitment process for K-12 school & district administrators

Search for candidates > Review your top priority candidates > Interview candidates > Hire high-quality candidates > Train staff > Schedule staff into their assigned classes

Why Whizara

Gain access to a large diverse talent pool of credentialed virtual and hybrid educators

- Tap into a network of pre-vetted credentialed teachers to meet your hiring needs at scale
- You set your teachers' hourly pay per your budget
- Hire, train and schedule teachers into their assigned classes in clicks
- Streamline financial tracking via reports on hours and payments

Seamlessly and effectively train and retain new educators

- Conveniently build ongoing mentorship, check-ins and observation in the schedule
- Support your virtual teachers with equitable professional learning opportunities
- Retain teachers year over year and bring to your students uninterrupted equitable learning experience

How Whizara Works

- Teacher shortages nationally impacts instructional growth in all content areas
- National reports show that there are more than 50,000 educator vacancies across the U.S.
 - More than 45% of U.S school districts reported significant teacher shortages in one or more subject areas.
 - More than 160,000 teachers were labeled as “underqualified” or teaching out of their field.
 - Top ranked teacher shortages include Special Education, CTE, Science, Foreign Language and ELA amongst others.

Where do your greatest needs reside? Math, ELA, Science, Social Studies, SEL, Special ED or other (School Psychologists, Guidance Counselors, Intervention Specialists, etc)

- Hire Credentialed Teachers
- Maintain High Quality
- Hire at Scale
- Retain Staff
- Save Time
